

J F BODMAN
& SONS (GLASS) LTD

TEN-YEAR GUARANTEE FOR COMMERCIAL CUSTOMERS

The workmanship on J.F. Bodman & Sons (Glass) Ltd's P.V.C windows and external doors has a guaranteed period of **ten years** from date of installation.

All hardware used in the manufacture of our products carry a **12 month guarantee**.

However this warranty does not cover accidental damage, general wear and tear or use of excessive force, above the manufacturer's recommendations which would cause this product to fail.

All moving parts such as hinges, locks and handles will require **regular** maintenance, (every 4 – 6 months) as recommended by the manufacturers. Use either a light lubricant oil or WD40 which will enable the product to function correctly, and prolong the hardware's lifespan. Cleaning of the PVCu products should be done with a soft cloth and soapy water or a proprietary PVCu cleaner. However, this should **not** be used on foiled or painted products.

Double glazed units are guaranteed against failure for **ten years**.

Please keep your invoice and guarantee as proof of purchase/installation.

Any disregard of our recommendations may invalidate this guarantee.
